# HC HANNIA CHAR

## HANNIA CHAR

Hannia Char believes in making our artisans and craftsmen valuable and successful people in society, who deserve the opportunity to show their potential and versatility throughout pieces made with natural fibers from endemic species of our landscape and transforming them into luxury and contemporary pieces, offering tropical-inspired handmade hats (100% toquilla), beach bags and resort wear.

For us, our work values rely on fair work and proper recognition of our artisans who tell their stories and share our culture to the world.

Each piece of Hannia Char has a story to tell, in the form of unique, fun and versatile accessories, created to reflect unique looks
